

SEBASTIAN GAYCKEN

FINAL YEAR GLOBAL BUSINESS STUDENT

+49 177 2568798
s.gaycken1@gmail.com
EINBECK, GERMANY

OBJECTIVE

As an ambitious individual with a background in Global Business and International Management, and practical experience in strategic planning and data analytics at leading automotive companies, I aim to leverage my skills in a challenging role focused on data-driven decision-making and strategy optimization. With internships at smart Europe and BMW Motorrad, and expertise in Python, SQL, SPSS, and PowerBI, I seek to contribute to business growth through innovative solutions. My goal is to join a forward-thinking company, applying predictive analytics and machine learning to enhance strategies and product development, fostering professional growth and significant business impact.

EXPERIENCE

01.2023 – 07.2023

Intern CEO Office, Stuttgart, Germany
smart Europe

- Support to the CEO assistants as a cross-company interface and coordination between the management of smart Europe GmbH
- Support in CEO Office topics such as internal and external communication, cooperation management, business model, product launch management projects and topics
- Assistance in the preparation, implementation and documentation of relevant decision-making bodies and formats of the top management of smart Europe GmbH
- Creation of ad-hoc analyses and presentations for top management and relevant decision formats
- Participation in the communication and content preparation for interviews, decision papers and relevant briefing documents for management

Assisted market

07.2021 – 02.2022

Intern Strategy & Cooperation, Munich, Germany
BMW Motorrad

- Research and statistical evaluation of quantitative market and customer data
- Supported project and strategy activities
- Assisted market research studies with software (e.g. SPSS)
- Introduced new interns to the department's specific activities and provided training on new company systems
- Coordinated and planned team meetings
- Created internal websites and surveys
